

## Summary

Results-driven data professional with experience in data analysis, visualization, and process optimization, seeking a Junior Data Scientist role to leverage technical skills and drive business growth.

## Skills

- Data Analysis:** Python, SQL, Statistical Analysis
- Data Visualization:** Power BI, Tableau, Data Storytelling
- Data Engineering:** ETL Pipelines, Data Management, Automation
- Process Optimization:** Python, Automation, Cloud-Based Tools
- Business Intelligence:** Data Visualization, Reporting, Dashboards
- Technical Development:** Python, Machine Learning, Data Science

## Experience

- Procurement Specialist**

Nov 2021 - Aug 2023

*Vestas Wind Technology, India*

- Utilized Python and SQL to analyze procurement data, uncovering opportunities for cost optimization worth \$500K+ annually, demonstrating expertise in data analysis and statistical analysis.
  - Developed Power BI dashboards to track procurement KPIs, cutting reporting time by 40% and enhancing supplier performance monitoring, showcasing data visualization and data storytelling skills.
  - Implemented risk mitigation strategies by analyzing supply chain data and identifying alternative sourcing options to address potential delivery bottlenecks, highlighting data-driven decision-making and problem-solving abilities.
- Consultant ECM Purchaser, Vestas**

Jan 2021 - Nov 2021

*ManpowerGroup Services, India*

- Developed and deployed cloud-based automation tools, resulting in a 30% increase in team productivity and faster completion of routine tasks, demonstrating data engineering and process optimization skills.
  - Built Python-based automation scripts, optimizing internal workflows and reducing manual effort by 25%, enhancing team efficiency, and showcasing automation and data management expertise.
- Procurement Engineer**

Jun 2018 - Jan 2021

*Valeo India*

- Utilized Python and SQL to analyze procurement data, uncovering opportunities for cost optimization worth \$500K+ annually, demonstrating data analysis and statistical analysis skills.
  - Developed Power BI dashboards to track procurement KPIs, cutting reporting time by 40% and enhancing supplier performance monitoring, showcasing data visualization and data storytelling skills.

## Projects

- Data Insights Dashboard:** Developed an interactive Tableau dashboard to analyze key financial KPIs such as P/E Ratio, Current Ratio, and Debt to Equity. (data visualization, data storytelling, Tableau, financial analysis)
- Customer Churn Analysis:** Designed and implemented an ETL pipeline in Python to clean and process large ecommerce customer datasets. (data engineering, data management, ETL pipelines, Python, customer churn analysis)
- Vestas Process Automation:** Automated employee data collection, analysis, and visualization processes using Power BI, Python, and Excel. (automation, data management, Power BI, Python, Excel, process optimization)

## Education

- Diploma in Data Analytics for Business

*St. Clair College, Canada*

Sep 2023 - Apr 2025
- Bachelor of Mechanical Engineering

*St. Joseph's Institute of Technology, India*

Jun 2014 - Jun 2018
