

Summary

Results-driven professional with expertise in data analysis, process improvement, and customer experience, seeking to leverage skills in a dynamic role that drives business growth and customer satisfaction.

Skills

- Data Analysis:** Predictive Analytics, Data Visualization, Machine Learning
- Procurement:** Supply Chain Operations, Cost Reduction, Automation
- Customer Experience:** Customer Service, Relationship Building, Retention Strategies
- Project Management:** Process Improvement, Team Collaboration, Stakeholder Management
- Business Intelligence:** Tableau, Power BI, Data Visualization
- Operational Efficiency:** Automation, Productivity Enhancement, Cost Savings

Experience

Purchaser <i>Vestas Wind Technology, India</i> <ul style="list-style-type: none">Analyzed customer needs and developed data-driven solutions to improve procurement processes, resulting in a 15% reduction in costs and a 20% increase in project delivery capacity.Utilized predictive analytics to forecast demand and optimize supply chain operations, achieving a 30% reduction in manual efforts and enhancing operational efficiency.Collaborated with cross-functional teams to develop and deploy automation tools, streamlining procurement workflows and resulting in \$35M in savings.	Nov 2021 - Aug 2023
Consultant ECM Purchaser, Vestas <i>ManpowerGroup Services, India</i> <ul style="list-style-type: none">Applied data-driven insights to optimize procurement processes, reducing production costs by 10% and improving operational efficiency by 15%.Developed and deployed cloud-based automation tools, increasing team productivity by 30% and reducing manual effort by 25%.Built and maintained a robust supplier base, achieving a 20% improvement in supply chain efficiency and ensuring 100% on-time delivery.	Jan 2021 - Nov 2021
Procurement Engineer (Intern) <i>Valeo India</i> <ul style="list-style-type: none">Conducted data analysis to identify cost-saving opportunities, achieving a 10-15% reduction in costs through competitive vendor sourcing and procurement strategies.Developed and deployed interactive dashboards to monitor procurement KPIs and supplier performance, reducing reporting time by 40% and improving decision-making accuracy.Executed e-auctions and sourcing strategies, optimizing supplier selection and driving cost efficiency across categories.	Jun 2019 - Jan 2021

Projects

- Customer Churn Analysis:** Analyzed and processed raw customer data, applied machine learning to predict churn risk, and visualized insights to guide retention strategies. (Machine Learning, Data Analysis, Customer Churn, Predictive Analytics)
- Meta Financial Dashboard:** Developed an interactive Tableau dashboard to analyze key financial KPIs, delivering actionable insights that improved financial decision-making and strategic planning. (Tableau, Financial Analysis, Data Visualization, KPI Tracking)
- Vestas KPI Tracking:** Automated employee data collection, analysis, and visualization processes using Power BI, Python, and Excel, improving traceability and key metric visibility for senior management decision-making. (Power BI, Python, Excel, Automation, Data Visualization, KPI Tracking)

Education

Diploma in Data Analytics for Business <i>St. Clair College, Canada</i>	Sep 2023 - Apr 2025
Bachelor of Mechanical Engineering <i>St. Joseph's Institute of Technology, India</i>	Jun 2014 - Jun 2018
